

How to create a face profile

- Student

- 1 After clicking on the link in your course that leads to SUMADI™, you will be able to view the **My Exams** screen, at this point you will be able to view all the Proctor exams available in your course.

To take an exam just click the **Start Exam** button.

- 2 If this is your first time taking a Proctor exam, you will be asked to register your facial profile. On the Face Registration screen, click the **Take Photo** button, you should take three photos at the angles described in the following image:

Note: In the left and right profile photos, do not turn your face completely, only slightly at a 45° angle

NOTE: If you do not take one of the images at the requested angle, an error like the one in the following image will appear.

The screenshot shows the SUMADI My Exams interface for facial registration. The main area is titled "Facial Registration" and includes a "Welcome!" message, instructions, and a "Take Photo" button. The user is currently taking a photo, and a tooltip says "Click on the button to take the photo". Above the main photo are three smaller thumbnails: a frontal view (green border), a left profile view (red border), and a right profile view (white border with a 45-degree angle indicator). On the right side, there are two red error messages:

- Error capturing left profile.**
Turn your face slowly to the left, with both eyes visible on the camera with the least amount of inclination possible.
Y: -58.20, R: 0.25, P: -1.54
- Error**
Error while validating Photo

- 3 Once the images are taken successfully, you will see a confirmation message for the images.

4 Finally, to save your facial profile, click on the **NEXT** button.

The screenshot shows the 'SUMADI My Exams' interface for facial registration. On the left, there are three small thumbnail photos of a woman's face from different angles (frontal, left profile, right profile) and a larger main photo of the same woman. Below the main photo is a red 'Take Photo' button. On the right, the title 'Facial Registration' is displayed. Below the title, there is a 'Welcome!' section with a paragraph of text, followed by a paragraph of instructions. Below the instructions is a 'NOTE' in red text. At the bottom right, there is a black button with a white arrow and the text 'Next'.

SUMADI My Exams

Facial Registration

Welcome!

We care about your privacy and security. That's why we choose SUMADI™. A Solution that will protect your assessments from identity theft or impersonation while adding reliability and security to your exam results.

Please register your face to participate in proctored exams. You will need to take 3 photos to register using your webcam.

Instructions:

1. Take your photographs in a well illuminated room and make sure your face is clearly focused.
2. You must take a fully frontal, left profile, and right profile photographs.
3. For each photograph click Take Photo button on the bottom.
4. To finalize click on Submit.

NOTE: If you wish to restart or take a profile photo again just reload the page.

→ Next

Note: The facial registration described above will be performed only once for each exam.
